

The days of outsourcing payroll are over!

Abra Payroll™

Up to 90 percent of the work needed to process payroll is completed by your company *before* it's submitted to an outside payroll provider. So you're paying for 10 percent of the work—but 100 percent of the bill!

But now ... with *Abra Payroll* software, you can do the whole job faster, easier, cheaper and more efficiently. You will ...

- ✓ Save thousands of dollars per year in transaction fees charged by your payroll provider (ask for a FREE copy of our Cost Benefit Analysis)
- ✓ Avoid extra charges for reports and special queries;
- ✓ Stop losing interest on payroll "float"
- ✓ Have easier access to the information you need, when you need it, without incurring any transaction fees
- ✓ Gain more time for submitting payroll data and have the freedom to make last-minute changes
- ✓ Run as many test reports as you like on how organizational changes impact your payroll and tax status, without worrying about being charged extra
- ✓ Have tax changes immediately, in the form of software updates, so you're always on top of the latest regulations
- ✓ Have extensive job costing information at your fingertips.

Have more control over your company's payroll.

Issue payroll and reports on your own schedule. Produce paycheques on demand. Void and re-issue single cheques and update accounts. Run special or bonus payrolls. Calculate all types of retroactive pay using earnings histories. *Abra Payroll's* Automatic and Manual Time Sheet entry lets you accommodate multiple jobs per

employee from a variety of sources. *Abra*® can also be linked to time and attendance systems to facilitate time sheet entry.

Save time with flexible payroll processing. *Abra Payroll* lets you process multiple companies and pay frequencies simultaneously, instead of one-at-a-time, including multiple jobs per employee and an unlimited number of deductions per employee. You can prioritize withholding deductions to handle levies or garnishments to employees' wages. Plus, built-in direct deposit processing lets you deposit employee pay to an unlimited number of banks under CPA standards. You can also track multiple jobs per employee with additional pay and Workers' Compensation codes.

Have critical information at your fingertips.

Abra lets you quickly and accurately satisfy your organization's need for information. You can drill down from summary information to get specific details to help you evaluate Payroll in seconds, such as up-to-the-minute facts to help you reconcile payrolls and quarter-ends with analyses such as Gross-to-Net Current Period, Employer Tax Liability and T4 Audit. Instant on-screen analyses let you drill down to specific details.

Best!®

Satisfy government regulations and reporting requirements.

Abra Payroll makes complying with Revenue Canada filing requirements a breeze. It issues more than 100 standard reports and forms, including T4, T4A, Releve 1, Releve 2, and ROE.

Generate cost accounting and labour distribution reports.

With *Abra Payroll*, you can generate reports by project, job cost centre, fund, department or organization ... determine payroll allocations, payroll deposit tax liabilities and payroll withholdings in minutes.

Create custom reports

You also can create your own custom reports and graphs in a snap by using the Report Writer included with *Abra*. Plus, *Abra* integrates easily with many popular desktop software programs, so you can view your report on screen, print it out or export it to Microsoft® Office 2000.

Maintain the utmost in security.

A sophisticated multi-level security system protects information and allows precise assignment of access. AuditTrail keeps you informed about changes.

Choose a variety of cheque printing options.

Print cheques or direct deposit slips, both laser and continuous form. Optional MICR encoding and laser cheque signatures add convenience and cut costs.

Also available: *Abra Pay Link*™ to speed the transfer of payroll data from your existing payroll system.

Abra Pay Link lets you import files from a variety of sources including financial packages and outsourcing services (imported data includes employees' personal, job and salary information). *Abra Pay Link* uses templates, pre-formatted guides that tell *Abra Pay Link* which fields to import. You can modify the default templates at any time or create your own.
