

easi.Labels for BusinessVision

By Evron

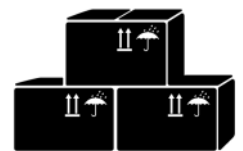

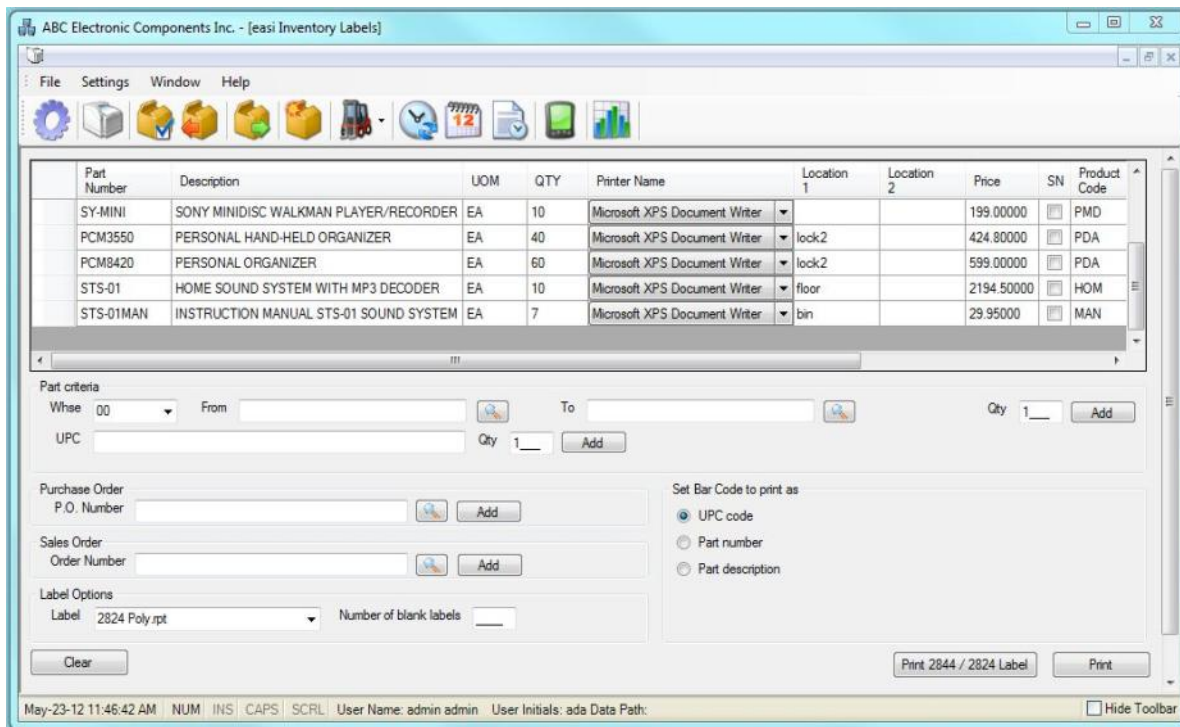

Label printing made easy

easi.Labels is a program developed to give Sage BusinessVision users the ability to quickly and easily print bar code labels from your BusinessVision Inventory, Sales or Purchase orders.

No need to export your information to a spreadsheet or text file before printing your barcodes. easi.Labels connects directly to BusinessVision to retrieve item and bar code information.

No need to set up multiple print jobs to print different quantities of your product labels. Choose any combination of items and quantities and print all your labels in a single print run.

- Print labels from Sage BusinessVision, in less time and with ease.
- Create labels based on inventory quantities, Sales and Purchase Orders.
- Labels can be customized for specific printers and label sizes.
- Supports a variety of Avery labels, and you can specify the starting position for printing.
- Perfect for environments where goods are stored i.e. warehouses and manufacturing centres where accuracy and organization are paramount.
- Intuitive interface that is easy to learn.
