

# Sage FAS Fixed Assets

## FAS Canada CIP Accounting

Take control over your fixed assets even before they become fixed assets with FAS Canada CIP Accounting. Whether you're assembling multicomponent equipment, upgrading machinery, renovating buildings, or just accumulating separate invoices prior to placing a fixed asset into service, FAS Canada CIP Accounting is the perfect solution to your construction-in-progress needs.

With multiple levels of detail tracking and numerous built-in reports, you can easily manage and report on virtually unlimited projects, including current project status, actual vs. budget variance, and project details. Manage both capitalized and expensed assets for convenient project tracking, and get key project information at a glance with the convenient "Project Snapshot" feature. Plus, with this fully integrated solution your fixed assets are instantly created in FAS Canada Asset Accounting upon project completion.

For more information about FAS Canada CIP Accounting, please call us toll free at 800-945-8007, or visit our Web site at [www.SageFAS.com](http://www.SageFAS.com). Sage customer service representatives are standing by to provide you with top-notch products and service.

### BENEFITS:

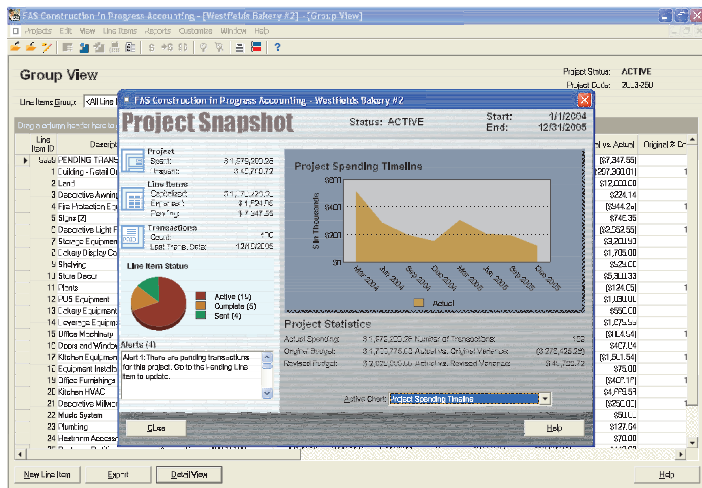

Easily manage projects of any type or size—up to thousands of individual components

Manage both capitalized and expensed assets for convenient project tracking

The convenient "Project Snapshot" feature displays key project information at a glance, including budget tracking and project alerts

Easily accumulate and summarize numerous purchase orders, invoices, receipts, and tasks—including physical components, shipping costs, labor/assembly charges, and unlimited miscellaneous items

Sage FAS SupportPlus members benefit from an unmatched level of customer support. You can use Sage FAS SupportPlus Online to get answers 24 hours a day, seven days a week. Or call our friendly experts for help. What's more, FAS SupportPlus users can also download software upgrades, access multimedia tutorials, and take advantage of exclusive discounts on new products.

FAS Canada CIP Accounting provides a Project Snapshot feature that lets you view up-to-the minute project status at a glance.

## Manage your fixed assets before they become fixed assets.

- Track all of your project details including status, contacts, notes, and all the financials—plus monitor both physical and financial completion status of projects

- Built in security settings to create custom access profiles for specific product features and projects
- Consolidated reports offer a broad look at your business across all projects
- Easily handle expenses with the ability to copy, move, and split line items
- Numerous reports available at the project, line-item, and transaction level
- Project Snapshot for at-a-glance status update
- Easily import invoices/Purchase Orders from AP/PO

## Seamless integration for powerful results.

- Seamless integration with the entire line of Sage FAS Canada fixed asset management solutions, including FAS Canada Asset Accounting and FAS Canada Asset Inventory.
- After project completion, instantly create new fixed assets in FAS Canada Asset Accounting—including multiple assets from a single line item
- Point-in-time reporting helps to easily tie out project balances to your general ledger
- Easily import monthly invoicing transactions from your Accounts Payable system to keep your project up to date using the convenient import wizard

"Before implementing FAS 100 CIP Accounting, we used Excel® spreadsheets to track our building expansion and equipment purchases. The Sage FAS solution has proven very useful, because it really helps us keep an accurate record of equipment installations, which are long-term projects with many different allocations."

Scott Reed  
Assistant Manager, Accounting,  
TOA (USA), LLC.
