EVRON client RE:Sound wins Global Technology Innovator award

Epicor Announces 'Customer of the Year' Global Winners in the Second Annual Customer Excellence Awards

AUSTIN, Texas, Sept. 26, 2017 /PRNewswire/ -- Epicor Software Corporation, a global provider of **industry-specific enterprise software** to promote business growth, announced today the 'Customer of the Year' winners in its second annual Epicor Customer Excellence Global Awards program. The **awards** recognize innovative organizations that have successfully transformed operations by deploying Epicor solutions and services to achieve excellence in business efficiency, customer experience, and overall performance.

Epicor Customer Excellence Awards programs are run in the Americas, Asia Pacific, the United Kingdom, Middle East, India and Africa, with regional program winners automatically considered as finalists in the global categories for overall 'Customer of the Year' recognition.

- The global winner in the **Technology Innovator** category is Epicor ERP customer Re:Sound Music Licensing Company, selected for simplifying business processes by leveraging technology and demonstrating the value of the investment in the form of reducing administration costs by 28% as well as being able to generate more royalties revenue to its member organizations.

Criteria used to evaluate nominations included customer, employee and business impact, process improvements, and positive changes gained within the organization to demonstrate benefits and impact of the technology on the customers' business. Project complexity, business objectives, and results achieved were also weighed in the final decisions.
